

# Valid Leveling System Service/Parts/Warranty Contact Information

© Copyright PowerGear Issued: January 2012

#82-L0513, Rev. 0A

## NOTE

### Introduction

On November 1<sup>st</sup> 2010, Power Gear stopped supporting the Valid Manufacturing side of Power Gear/Valid leveling systems supplied to RV OEM's.

### AIR only leveling systems

For RV's that have a Power Gear/Valid AIR only leveling system all warranty, parts, and technical support are handled through Valid Manufacturing. See the contact information to the left.

### AIR/HYDRAULIC leveling systems

For RV's that have a Power Gear/Valid AIR & HYDRAULIC leveling system contact info would be as follows:

- For the hydraulic portion of the system (hoses, jacks, pump assembly) contact Power Gear for warranty or part replacement needs.
- For the air portion of the system (including air manifolds, harnesses, level sensors, touchpad, and auxiliary air compressor) contact Valid Manufacturing for warranty or part replacement needs.
- Contact for troubleshooting information is dependent on what side of the system (the AIR side or the HYDRAULIC side) you suspect the problem to be in.
