

AXLES AND SUSPENSION

Fig. 1

1. The label will always be located on the back of the axle on the center of the beam.
2. Gold dichromate u-bolts and tie plates. This will be similar to a few models from a competitor.
3. LCI powder coats our axles. At this time LCI is the only axle manufacturer powder coating. Powder coating gives a finer, smoother exterior surface.

Fig. 2 - Axle Label Information

Axle Communication - Manufacture date and Serial Number information is critical for analysis and correction of issues

As a supplier of components to the RV industry, safety, education and customer satisfaction are our primary concerns. Should you have any questions, please do not hesitate to contact us at (574) 537-8900 or by email at customerservice@lci1.com. Self-help tips, technical documents, product videos and a training class schedule are available at www.lci1.com or by downloading the MyLCI app.
