

SuperSlide I

Roller bearing slide designed for smooth handling of really big loads. Depths for compartments 36" to 90". Customize compartment width by bolting in plywood platform and covering with carpet, rubber matting, or vinyl.

- Heavy duty roller bearings
- 1,000 lb capacity
- Spring-loaded latch locks slide in 3 positions: Retracted, 1/3 extended, and 2/3 extended.

SuperSlide I shown as installed. SuperSlide assemblies ship with side slide assemblies only. End pieces available as optional Trim Kits or in Aftermarket Kits on page 2. —you create slide floor from plywood and covering (not included).

Part Number	Length	Capacity (in lbs.)	Lock
905853000	36"	1000	3-position
905850000	42"	1000	3-position
905851000	48"	1000	3-position
905852000	54"	1000	3-position
905855000	60"	1000	3-position
905856000	70"	1000	3-position
905857000	90"	1000	2-way slide
905858000	80"	1000	2-way slide

You determine width with plywood

Trim Kits for SuperSlide I and Heavy Duty Slides - *Optional*

Part Number	Description	Part Number	Description
